

RANDALL TURNER MEMORIAL SCHOLARSHIP

This scholarship was set up to commemorate the life of Randall Turner. Randall was a good student that successfully completed his education in Agricultural Economics at Kansas State University before returning to his hometown of Quinter.

Randall also really enjoyed working with high school students, as evidenced by the way he handled his officiating duties at sporting events. We're sure Randall would be glad to see this scholarship go to worthy high school students that planned to study the same field at KSU that he did.
